B. Providers

B1. Key terms

This section explains key terms you'll see in our Behavioral Health Directory.

- Providers are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. Services include medical care, supplies, prescription drugs, equipment, and other services.
 - The term "providers" also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports
 - Providers that are a part of our network are called "network providers"
- Network providers are the providers that have contracted with us to provide services to enrollees
 of AmeriHealth Caritas DC. The providers in our network will bill us directly for care they give you.
 When you see a network provider, you will pay nothing for covered services.
- A Primary Care Provider (PCP) is a provider who gives you routine health care. Your PCP will keep
 your medical records and get to know your health needs over time. Your PCP will help you know
 when you need to see a specialist, though a referral from your PCP is not required. Referrals are
 not required to see any specialist who is part of our provider network.
- Specialists are doctors who provide health care services for a specific disease or part of the body.
 There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer
 - Cardiologists care for patients with heart conditions
 - Orthopedists care for patients with certain bone, joint, or muscle conditions

B2. How to find AmeriHealth Caritas DC providers in your area

The D.C. providers in this directory are organized by ward. Among the providers in your ward, look for providers that also have your ZIP code. These providers are likely to be located near you. However, the provider closest to you may not be located in your ward. Therefore, also consider providers outside of your ward that share your ZIP code.

Providers located in Virginia and Maryland are organized by county in alphabetical order. Find the list of providers for your county. Providers in your county who share your ZIP code are likely to be located near you.

B3. List of network providers

This Directory of AmeriHealth Caritas DC's network providers contains:

- Behavioral health care professionals, including counselors, psychiatrists, psychologists, and social workers
- Facilities, including hospitals, clinics, and treatment facilities

Providers are organized by ward or county and listed in alphabetical order by last name. In addition to contact information, provider listings also include specialties and skills, such as languages spoken or completion of cultural competence training.

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.
