Subject: **Healthy DC Plan and Medicaid Overlapping Enrollment – Coordination of Benefits Billing Guidance**

Dear Provider:

AmeriHealth Caritas District of Columbia (DC) has received clarification from the District of Columbia Health Benefit Exchange Authority regarding coordination of benefits during certain Healthy DC Plan and Medicaid transition scenarios, particularly for pregnant enrollees transitioning from Healthy DC Plan coverage to Medicaid.

Please note the following guidance:

- Pregnancy-related services remain covered under the Healthy DC Plan until Medicaid transition activities are finalized.
- Healthy DC Plan and Medicaid coverage may temporarily overlap during the transition period.
- **During overlapping enrollment periods, Medicaid remains the payer of last resort.**
- Providers should continue to bill the Healthy DC Plan first while transition activities are underway.
- Enrollees should not be denied medically necessary services due to overlapping enrollment or coordination-of-benefits concerns during the transition process.

Our goal is to minimize disruptions to care and ensure enrollees continue to receive medically necessary services while enrollment and coverage transitions are completed.

If you have questions regarding an enrollee's eligibility, coverage, or claims submissions, please call AmeriHealth Caritas DC Provider Services at 202-408- 2237 or contact your Provider Account Executive.

Thank you for your continued partnership and commitment to serving our enrollees.

Sincerely,
AmeriHealth Caritas DC
